Print/Digital Magazine Specs Material Requirements

Spread Advertising Materials

- Please supply without gutter allowance as this will be allowed for at plate stage
- If supplying spread “wrap around” (front and back cover material), please allow an additional 2” for printing of the spine

Accepted Formats

- Adobe
- InDesign
- Adobe Illustrator
- Adobe Photoshop
- Press-ready PDF files

Any format not listed above must be discussed with our production department to determine if conversion is possible

**All Materials Should be Sent to
Cris Hayes, Sales Director
cris@womensgolfmagazine.com**

WGM will not be able to use digital files which contain:

- Fonts that have not been embedded
- Files containing RGB, LAB or spot color mode instead of CMYK
- Images with an effective resolution below 300 dpi
- PDF files that are created from applications other than Adobe Acrobat Distiller
- Fonts that are artificially stylized
- Bleed isn't included or the file is the incorrect size
- PDF files are compressed

All material which is not supplied to the specifications may result in additional production charges and cannot be guaranteed for quality or color reproduction
